Table contentNameWWE MayhemPackagecom.reliancegames.wvemayhemPublisherReliance Big EntertainmentCategoryFightingVersion1.36.185 (Last)Size875MMOD FeaturesSlimated MoneyRequiresAndroid 4.1WWE is a fighting performance known in the world. In it, the wrestlers fight each other very fiercely, that do not follow the rule at all. Sometimes wrestlers get out of the arena and also use items such as tables, chairs, ladders to smash the enemy's head. However, the truth is that these games are scripted, which means that these are performances. Even as performances, WWE still gives the viewer an exciting, dramatic feel. So it makes viewers feel like watching a long action movie. Receiving ideas from WWE, Reliance Big Entertainment has developed and released WWE Mayhem, the last amazing fighting game in its series. Reliance Big Entertainment has also been known for producing combat games, and all of its high-quality products, including names such as Real Steel, Ultimate Robot Fighting and Super Pixel Heroes. . The gameplay fight WWE Mayhem has quite similar gameplay to previous games. In which players will participate in 1vs1 fights in the arena, fight and win to aim for the WWE Championship. Character control is designed in the style of Touch and Sweep, which means that players only need to perform simple actions such as touching and swiping across the screen to control their character to attack, defend and perform excellent skills. Character skills are not the same, each character has a unique set of skills, not duplicate. Click on the right side of the screen to attackSwipe right to attack strongerSwipe on the right and hold to perform skillClick on the left to protect. The bottom of the screen, there is a power bar attacking, you will make the energy bar filled. At this point, you can use the character's special skills to finish off the opponent. To win, just using skills as a guide is not enough. You also need to know how to combine them to form a continuous combo, prevent opponents from attacking, or you will be beaten in an instant. In addition, in Versus mode, you can create your own team and challenge your friends. It will be a fun game that will make you and your friends excited. Unlock all Superstars When you defeat your opponent, you will get rewards including drink support, spinning tickets to unlock new superstars. Characters in the game are called Superstar with different indexes. This character system is extremely diverse with real graphics. There are 6 different classes in the game. Each of them has certain advantages and disadvantages. Character classes include TECHNIC, BRAWLER, HIGH FLYER, ERMAN, SHOWMAN AND WILDCARD. You can catch up with some famous wrestlers such as AJ Styles, John Cena, Rock. Not everyone, Randy Orton, Brock Lesnar, Roman Raine, Triple H, and WWE legend Undertaker.Arcade graphicsRegarding graphics, WWE Mayhem has created excellent appeal for gamers when it comes to choosing their Arcade style. It's a fun style design that simplifies the details and just keeps the characteristics of each character only in the game. But don't worry, you can still get to know your idols thanks to their unique details. Excellent graphics of this game turns ferocious characters, dangerous blows in real blows into something easy to take and fun. So the game doesn't limit age too much.
